

DATE: February 19, 1981  
SUBJECT: Report of ISS inspection on 11/20/80

FROM: Eugene Meyer

EPA Region 5 Records Ctr.

375327

TO: Jay S. Goldstein, Chief  
Hazardous Waste Management Section

Company: Triem Steel and Processing, Inc., 26th & State Streets, Chicago Heights,  
Illinois 60411

Participants: Erin Moran, Tony Holaska, and Brad Benning (IEPA)

Objective: To review the facility for compliance with the hazardous waste regulations

Site description:

Other information: The facility is in non-compliance with a number of specific points: Danger ~~sg~~ signs are not posted; employees are not adequately trained in the procedures of handling H.W. properly; no contingency plan could be produced; no arrangements have been made with local emergency response groups; inspections of equipment for malfunction (etc.) were not being done.

Conclusions & recommendations

The facility should be sent a non-compliance letter from the Enforcement Division.
